Audio quote samples

Here are samples of each quote.

After listening to these, I have noticed several ancillary words like "hey, dude, um" - anything like that which helps you express the idea is ok. Punctuation is optional. In some cases, the quote comes from a larger context; South Park's Stan and Cartman. His response is what makes it funny. Kip's "cage fighter" comment is delivered so dry... what you need to do is capture the quote's idea. Use creative license to make this work for you. You're looking for an interesting solution, not a verbatim typeset job.

Mostly youtube, some audio samples:

Apollo 13

Houston, we have a problem.

Jaws

We're gonna need a bigger boat.

This is Spinal Tap

These go to eleven.
