

Block 0

Please give us your feedback regarding your computer science experience.

Which 2-3 courses were the most valuable? Explain.

Which 2-3 courses were the least valuable? Explain.

Are there any courses missing from the curriculum?

Did you participate in an internship?

- ☐ Yes
- ☐ No

Block 1

Advising, Facilities, and Website

Please comment on your advising experience with the Academic Advisor who advised you through CSCI 132. How could this experience be improved?

Please comment on your advising experience with the Faculty Advisor who advised you after CSCI 132. How could this experience be improved?

Are computing labs on campus adequate to support your computing courses? What improvements would you suggest?

Are you satisfied with the department web site? What suggestions do you have for improving it?

How do you prefer to receive communications from the School of Computing?

Block 2

Computer Science Program Outcomes

Please indicate your level of preparedness in regard to the following CS program outcomes.

	Poor	Below Average	Average	Above Average	Excellent
An ability to analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An ability to design, implement, and evaluate a computing-based solution to meet a given set of computing requirements	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An ability to communicate effectively in a variety of professional contexts.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An ability to recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An ability to function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
An ability to apply computer science theory and software development fundamentals to produce computing-based solutions.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
